In this activity, we are going to learn how to read aerial photographs and identify features on them using a map of the same area.

1. List features that you can see in the aerial photograph.

2. List features that you cannot see in the aerial photograph.

3. This is a large building. What is it called?

4. Suggest an activity that you can do in this building?

5. What is the name of the road marked on the map?

6. What are the objects marked here?

7. What is this long red object?

8. What is the name of the road marked on the map?
