Travelling to and from India

Today we are going to learn:
- How we can get to and from India
- The different ways of getting to India
- That the different routes have different good points and bad points

Geography skills – marking a route on a map
1. Draw on a route from the UK to India that goes via ship. You need to go around Africa.
2. Draw on a route from the UK to India that goes via ship through the Suez canal.
3. Draw a route that goes overland, either by train or by car.
4. Draw on the route that you would take if you went by plane.

5. Copy and complete this table

<table>
<thead>
<tr>
<th>Travelling to/from India</th>
<th>Good point</th>
<th>Bad point</th>
</tr>
</thead>
<tbody>
<tr>
<td>... by ship</td>
<td></td>
<td></td>
</tr>
<tr>
<td>... by truck</td>
<td></td>
<td></td>
</tr>
<tr>
<td>... by plane</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

Choose the best method of transport and justify your choice for each of the following items:
6. Sending some tables from India to the UK.
7. A business women travelling from India to the UK.
8. Sending some computer chips from the UK to India.
9. A family in London going on holiday in India.
Look at this map below. Use this map to mark on the routes in questions 1 - 4.

**KEY**
Route 1 – via ship
Route 2 – via ship (Suez canal)
Route 3 - overland
Route 4 – by plane

Mark each route in a different colour.
Remember to complete the KEY.
